Biblical Basis for Life at Conception

Presented in the Hall from 1 pm to 2:30 pm

The noted biblical scholar and lecturer, Kevin Saunders, will present a talk on the biblical basis for the position that the existence of human life begins at conception. That existence coupled with the American "Constitutional" guarantee of life as a right, would seem to make abortion at any stage of development constitutionally illegal.

He will be recording that talk and will make it available on his web site (ArizonaBibleClass.com) as an audio MP3 file for downloading.
